do In pr pr	most cases each length has all oject is listed as an urgent u ovide more rail facilities for	ing used, however ready been were indertaking. The transport in c	r, are old and of poor quality. ted in three places. This te principal purpose is to connection with the
	troleum plant at Falkenberg an the vicinity.	d for airports	and military installations
st आं १०	Between November 1953 and 15 March 1954 the number of Russian train brigades stationed at Frankfurt/Oder was reduced from 130 to 93. Some brigades will be stationed at Kuestrin-Kietz, where a new Reichsbaim maintenance shop is to be built. In order to ease the traffic pressure on Frankfurt/Oder, further rail yard expansion is planned for Kuestrin-Kietz and Neustadt.
